

Tsubaki Can Seamer Chain

Can seaming machinery utilizes specialty attachment roller chain to convey lids into the final seaming operation. Can seamer chains from Tsubaki are available in drop-in replacement lengths to fit a variety of OEM equipment configurations in can closing applications. From sealing cans in fruit, vegetable and pet food applications to beverage packaging, Tsubaki carries a wide-range of attachments to meet your machinery requirements. Cotter-pin style connecting links are available for quick and easy replacement to avoid costly downtime. Can seamer chain components are also readily available from stock.
