

Depend on the Strength of WORKHORSE® Chains

Reliable and predictable chain solutions are vital for bucket elevators performing in heavy-duty environments. For operations that need unmatched quality plus defense against corrosion and abrasion, the clear choice is Tsubaki WORKHORSE® Chains, designed to enhance system reliability and longevity.

Why rely on Tsubaki WORKHORSE® Chains?

Superior fatigue strength for high-shock applications

Strategically designed for ultimate wear and fatigue resistance

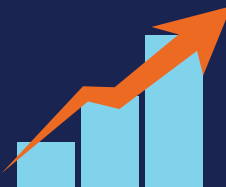

Precisely controlled heat treatments to ensure strength and performance

Utilizes premium grade steels, selected specifically for the operational environment

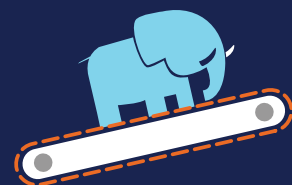

Market leading quality, durability, and longevity

Reliable and predictable performance

Engineered to withstand continuous heavy-duty loading cycles
